

Portfolio

An outstanding economy journal

The outstanding magazine Portfolio is published once a year and provides its readers an outlook into future prospects for financial markets and different asset classes for the upcoming year.

Portfolio principally addresses financial decision makers – B2B as well as B2C. Our experienced editorial department for economics and finance is responsible for the high quality analysis.

This comprehensive publication with a size of 240 mm by 325 mm is larger than the carrier publication and therefore receives more attention. The magazine is available to subscribers and on newsstands and therefore benefits from the total circulation of DER STANDARD.

Its in-depth and expert content combined with its professional and clear design and appearance have developed this supplement into a top publication for Austria's finance and public sectors.
